

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

### ***Monitoring Requirements Not Met for Livonia***

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During October 1, 2019, to October 31, 2019, we did not monitor or test for total coliform bacteria and, therefore, cannot be sure of the quality of our drinking water during that time.*

#### **What should I do?**

There is nothing you need to do at this time. This is not an emergency. You do not need to boil water or use an alternative source of water at this time. Even though this is not an emergency, as our customers, you have a right to know what happened and what we did to correct the situation.

The table below lists the contaminant we did not properly test for, how often we are supposed to sample for this contaminant, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date we collected follow-up samples.

Contaminant	Required sampling frequency	Number of samples taken	When all samples should have been taken	Date all additional samples were taken
Total Coliform Bacteria	100 samples per month	95	October 1, 2019 to October 31, 2019	November 23, 2019

#### **What happened? What is being done?**

We inadvertently missed taking a sample within this required sampling period. We are making every effort to ensure this does not happen again. We returned to compliance on November 23, 2019.

For more information, please contact Tom Wilson, City of Livonia Water Supervisor at [twilson@ci.livonia.mi.us](mailto:twilson@ci.livonia.mi.us) or (734) 466-2606.

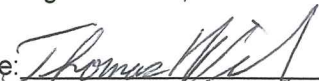

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by the City of Livonia.

CERTIFICATION:

WSSN: 03930

I certify that this water supply has fully complied with the public notification regulations in the Michigan Safe Drinking Water Act, 1976 PA 399, as amended, and the administrative rules.
