City of Livonia

Resident's Guide to Understanding Assessments & Property Taxes

Prepared By:

City of Livonia
Assessor's Department
33000 Civic Center Drive
Livonia, MI, 48154

Understand Your Assessment

True Cash Value (TCV) Market value of your home.

State Equalized Value (SEV)..... Half of the true cash value. (a.k.a. Assessed Value)

Taxable Value (TV) Value used to calculate your property taxes

Calculation of Property Taxes

Property Taxes = Taxable Value x Millage Rate

What is an Uncapped Value?

Taxable Value is “uncapped” the calendar year after a transfer of ownership (sale). This results in the Taxable Value equaling the State Equalized Value.

Example: Last year you purchased a home with a State Equalized Value (SEV) of 100,000 and a Taxable Value (TV) of 80,000.

(After Sale) SEV= 100,000 TV= 100,000

Are You Eligible For Special Exemptions?

- ◆ Hardship Exemption
- ◆ Veteran Exemption (For veterans that are determined 100% disabled or 100% unemployable by the D.V.A.)
- ◆ Principal Residence Exemption
- ◆ Senior Deferments (Treasury Department)

Understanding your Notice of Assessment

Notice of Assessments are mailed to all properties prior to the March Board of Review. The B.O.R. meetings begin on the Tuesday following the first Monday of March. Notices contain information regarding the changes in State Equalized Value and Taxable Value from the previous year and qualified Principal Residence Exemption. The meeting dates and times are stated on the notice.

Do You Disagree with the Valuation?

- ◆ Make an appointment to appeal your Assessed Value at the March Board of Review. (This is the only opportunity to appeal your valuation for the year)!
- ◆ Present supporting documents for the appeal such as:
 - ◇ An appraisal
 - ◇ Improvements or losses believed to affect value
 - ◇ Photos of interior & exterior of home
- ◆ Owner must propose an alternative value

Disagree with the Board of Review's Determination?

Residential Property owners may appeal the B.O.R. decision to the Michigan Tax Tribunal.

The residential appeal must be made by July 31st. The appeal is made in writing, but at a later date, owners may have an opportunity to attend a hearing.

Principal Residence Exemption

If you own and occupy your Principal Residence, it will be exempt from the local school operating taxes. To claim the exemption, you must complete the Principal Residence Exemption form and file it with Assessors Office by the June 1st or November 1st deadlines in order to qualify. After applying, the exemption will remain in effect for as long as you own and occupy the property or file a rescission. You may have only one Principal Residence at a time. Vacation homes and income properties which you do not occupy as your Principal Residence may not be claimed.

F A Q

My neighbor and I have very similar homes. Why is my tax bill higher than theirs?

If you have a home identical to your neighbor's home, your SEV should be similar to theirs; however, the **Taxable Values** could differ. Your Taxable value will uncap the year after your sale. Your taxable value will usually be different than your neighbors since these values uncap at different times. SEV and Taxable Value are not the same and should not be compared when reviewing your tax bill.

How is Assessed Value determined?

The Assessed Value is 50% of the True Cash Value, or Fair Market Value of the property. Market Value is established through a mass appraisal process using sales within a specific date range.
